

Invitation - No Prior Contact

Dear <First Name>,

At Quest Global, we nurture an intense intellectual curiosity and create robust opportunities for knowledge sharing because no one of us has all the answers alone. This belief, central to who we are, was the driving force behind the creation of a new, exclusive thought-leadership collaborative we call *The Future Forward Invitational*.

It is my privilege and pleasure to invite you to the inaugural meeting of this unique event to be held on March 6th and 7th, 2023, in Bangalore, India.

This event will bring together a host of insightful, inquisitive senior leaders like yourself in a conducive, discreet environment. We will hear from distinguished experts, engage in strategic and meaningful discourse, and discuss and debate the most pressing topics affecting our businesses today, such as jumpstarting innovation, managing business in unsteady times, prioritizing sustainability, and attracting and retaining top talent.

Please join us for these two remarkable days of focused learning, featuring and attended by invited industry leaders from across the globe. After all, although we are all in the business of engineering, what the world really needs is for us to be in the business of building a brighter future. I believe that alongside partners like you, we will do just that.

Thank you.

Best regards,

Ajit Prabhu
